MASAC Document #219

MASAC RESOLUTION ON NEED TO FACILITATE DIALOGUE BETWEEN HTC'S AND PAYERS TO IMPROVE ACCESS TO CARE AT HTC'S

The following recommendation was approved by the Medical and Scientific Advisory Council (MASAC) on October 5, 2013, and adopted by the NHF Board of Directors on October 6, 2013.

MASAC applauds the willingness of the payer community to work with NHF to insure that patients achieve access to the full spectrum of essential services offered through the comprehensive care setting of a Hemophilia Treatment Center (HTC).

MASAC encourages all HTC's to support this dialogue and the sharing of their experiences and relevant data to improve a mutual understanding of the role of HTC's in the on-going provision of care between a patient's regularly scheduled yearly comprehensive care visits.
